 Juice
 Milk

Students, we are very glad to have you back eating school lunch again this year. **Parents**, please note the following:

If your child(ren) received free/reduced price meals last year, they are eligible to continue to receive these at the start of this school year until the 1st of October. However, by that time, if you have not received an automatic "Direct Certification" letter from the FNS office, a new application is required for the new school year. **New year applications should be submitted as soon as possible.** PLEASE save the eligibility notification letter in case you need it for proof in order to receive additional free services.

If your child(ren) received free or reduced price meals at lunch, please know that this same eligibility extends to breakfast. Students are encouraged to eat a healthy breakfast so that they are ready to learn.

Please note that the school is not able to heat or refrigerate individual items for the children. We would urge you to consider the true cost of packed lunches compared to school lunches. A final comment about packed lunches—note that if your student is eligible for free or reduced meals and brings a packed lunch, if a milk is desired, this is only available at the A La Carte price (.35¢), so student must have sufficient positive balance in account or bring cash.

If your student pays the full price for meals, please note that the prices have remained unchanged:

Lunch \$2.20, and Adults \$3.50. Parents can pay on-line by setting up an account at: www.myschoolbucks.com

As a parent, if you have a desire to volunteer or work as a substitute in our school program, please contact your school Food Service Manager.

We look forward to serving nutritious meals that meet the federal standards while appealing to the food preferences of our students. If you have suggestions or recommendations on our meal program, please contact the Food Service Manager in your school or contact, Gerald Lehman, Director
